# T-Jacks in ACTION!

*Welcome To The Challenge!*

*It is my distinct pleasure to announce the inaugural season of the Northwest Timberjacks Baseball Club.*

*With some of the best young baseball talent in the Pacific Northwest, I have every confidence that this, our first season, will be the experience of a lifetime for our ball players.*

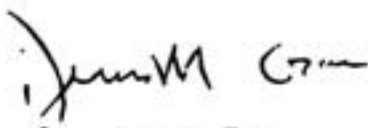

*Our team will receive the most intense professional baseball instruction of their lives. A coaching staff that, in my opinion, is the best in the nation, will drill our team in every aspect of the game. Their goal, to take our players to the next level, exposing them to high level competition, college recruiters, and professional baseball scouts nationwide.*

*I believe our Timberjacks have stepped up several notches this season in accepting the challenge in trying something they've never done before; that is, to experience the thrill of national and international baseball tournaments.*

*This season will take our team, quite literally, all across the North American continent; from tournaments in Southern California to Las Vegas, Nevada and Mesa, Arizona all the way south to Winterhaven, Florida and then up north to Canada.*

*I sense extreme excitement from all of our coaching staff and players for the opportunity that awaits them this season. I know I'm certainly excited as I've dreamed of putting together a program of this caliber for several years. Fortunately, this dream has become a reality for us thanks to the support we've received from sponsors, friends, and family. Without them, we simply would not exist. Thanks! GO TIMBERJACKS!*

## Coach Profiles

### Mike Brooks - Head Coach

Mike was drafted by the Minnesota Twins out of West Covina High School in 1968 where he was honored as Southern California High School Player of the Year. Mike enjoyed an eight-year professional career with the Twins' and Indians' organizations and earned a spot on the Twins Major League Roster in 1970 and 1972. An infielder by trade, he also played the outfield and even pitched in several minor league games. During his last year in the Indians' Organization he was a player / coach in the minor leagues. After playing for the AAA Tacoma Twins in the early 70's, Mike fell in love with the Pacific Northwest and has since made Puyallup his home. Mike has coached baseball at the professional, college and high school levels and finds great satisfaction in helping young players with the same dreams and passions he had at that age.

### Bret Larson II - Assistant Coach

Bret was a two year varsity letterman at perennial state powerhouse Puyallup High School. His senior year Bret led the powerful South Puget Sound League in home runs and was named First Team All League Second Baseman. He was then selected to play for a county wide all star team which hosted a Japanese High School All Star team in a series at Tacoma's Cheney Stadium. Bret then played for the U18 World Series champion Triple Play Hornets where he was named to the 1998 World Series All Tourney First Team. Most recently, Bret played at Green River Community College where he hit over .300 as a freshman 2nd baseman. Bret has a unique ability to teach and communicate with the players and is dedicated to helping each one reach his full potential. His knowledge of the game and commitment to the players has proven Bret to be a valuable asset to the Timberjack's organization.

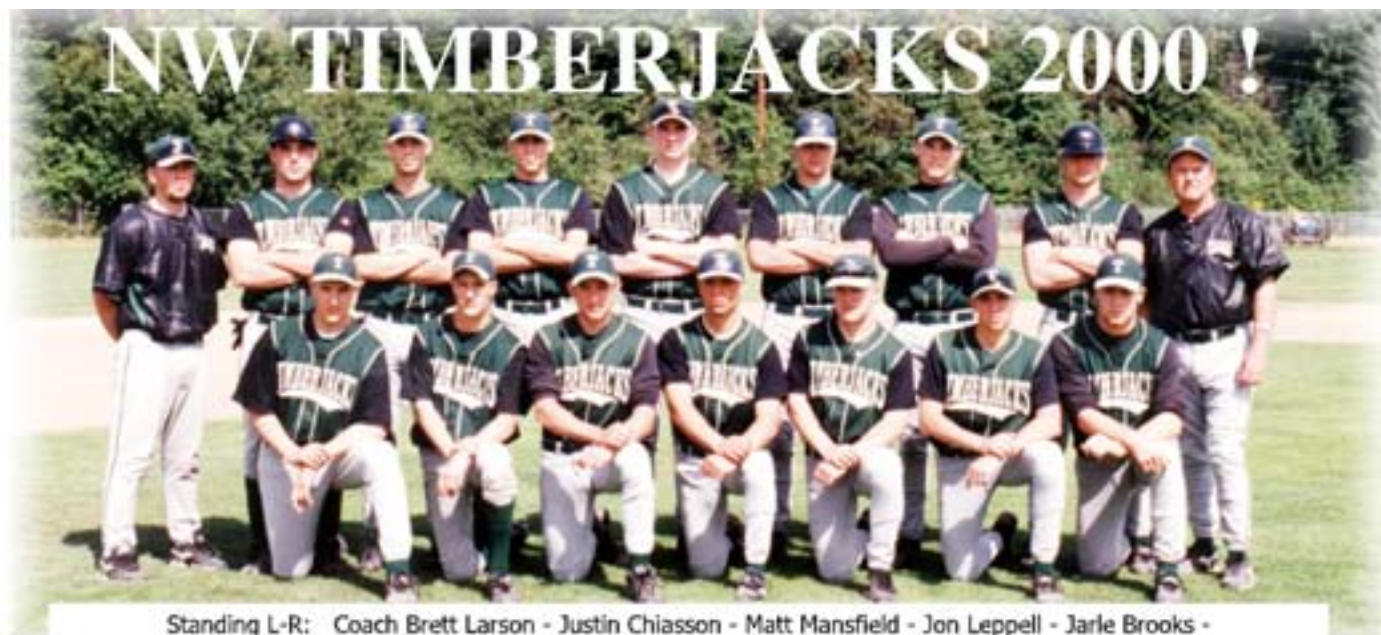

### Dennis Gac - General Manager

Dennis is originally from Detroit, Michigan. He attended the University of Michigan in Ann Arbor where he graduated with high honors and a degree in education with minors in musical performance, musicology, music theory and business. Successful as a professional performer with the Detroit Symphony Orchestra, Dennis believes athletic competition is very similar to the discipline necessary in musical performance. Both require excellent work habits to gain success. These successes will lay a proper foundation for skills needed in adult life. This is precisely why Dennis was attracted to the idea of establishing "the best" amateur baseball program possible. Dennis' responsibilities will include public relations, fund raising, coordinating team functions with Coach Mike Brooks, and all other business functions regarding Timberjacks baseball.

### Skills and Attributes

"Ryan is the type of player that every ball club needs. He is a steady, line drive hitter who hits for average, but also has extra base power. His running speed and quickness make him an offensive threat on the bases. Ryan's agility, strong arm and quickness make him an excellent defensive player at both second base and shortstop. Ryan has demonstrated leadership abilities both on and off the field and comes from a strong family tradition of excellence in athletics. He is an intelligent and hardworking athlete whose work ethic will allow him to succeed at the next level." - Coach Mike Brooks - NW Timberjacks

"Ryan is the type of player who leaves it on the field every time out and then asks for more. A steady, solid performer who has the potential and athletic ability to make the great play. If desire and commitment could be measured, he would be off the chart. He has earned 10 different varsity letters in high school from golf, wrestling and baseball. Definitely has Division I speed and quickness. Extremely coachable and talented player. Does the little things that make a program successful. This player would make a very positive impact on any collegiate program." - Rich Heaton, Hurricanes Baseball

## Skills and Attributes

"Tyler is a big, raw-boned kid who comes to play baseball! Although one of the youngest T-Jacks, Tyler shows no fear whether behind the plate or playing the corners. His soft hands and strong accurate arm add depth and flexibility to our defense. Offensively, Tyler hits the ball very hard and is not intimidated by any pitcher. His power and run production fit well in the middle of our lineup and with his work ethic and desire, I expect big things from him during his years as a Timberjack." Coach Mike Brooks - NW Timberjacks

"Tyler played for the Cypress Park Rebels at the Western Canada Tournament of Champions in Kamloops in August of 1999. The Rebels won this tournament with Tyler as a major contributor. In the field, his confidence and enthusiasm carried over to the other players on the team. Tyler showed even more prowess at the plate where he batted an improbable .632 going 12 for 19 with 3 doubles and 3 HR's. Tyler is a quality player who shows that he has the skills to go further." Defensively, Justin brings much to our ballclub. He is an excellent defensive catcher and works well with our pitching staff. He has the soft hands of a middle infielder and will see action at first and third base this year. Justin swings the bat with authority and possesses a quick bat with extra base power. Hitting in the middle of our batting order, he will be a valuable run producer for the Timberjacks this year." - Coach Mike Brooks, NW Timberjacks

## Welcome to the Exciting World of USSSA Baseball

The United States Specialty Sports Assoc. (USSSA) was founded in 1996 with the introduction of three classes of play.

Within each age group there is a "Major" division consisting of mostly tournament teams, a "AAA" division consisting of league teams that occasionally play tournaments and a "AA" division consisting mostly of league teams.

This means more fun and better competition for everyone. State and World Series competition is offered in the "Major" and "AAA" divisions. USSSA grew from 1,100 teams in 1997 to 4,000 teams in 1998.

Winter Haven's Chain 'O Lakes Complex is the Spring Training home of the Cleveland Indians and the site of the 2000 18 & Under USSSA World Series.

Winter Haven's state-of-the-art DiamondPlex is one of Florida's top facilities.

Major League action at Chain 'O Lakes Stadium.

## Dare Greatly

It is not the critic who counts; not the man who points out how the strong man stumbled, or where the doer of deeds could have done better.

The credit belongs to the man who is actually in the arena; whose face is marred by dust, and sweat and blood; who strives valiantly; who errs and comes short again and again; who knows the great enthusiasm, great devotions, and spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement; and who at the worst, if he fails, at least fails while daring greatly; so that his place shall never be with those cold and timid souls who know neither victory nor defeat.

- Theodore Roosevelt
