## BASEBALL CLUB

The NW Timberjacks Baseball Club is a select baseball program designed to provide dedicated young players in the Puget Sound Region a vehicle to help them realize their goals and enhance their opportunities to compete at the highest level. It is the goal of the club to produce not only quality baseball players but also good citizens by instilling the principals of sportsmanship, teamwork, honesty, work ethic and respect for authority. The club also places a high priority on academics and emphasizes school performance as a critical ingredient in the success of the players development.

The Timberjacks organization provides a year 'round program for these young athletes who have demonstrated the skills and desire to advance to the next level. The Timberjacks program includes:

- A professional coaching staff that includes ex-professional and college players who are devoted to preparing and helping these young men to reach their goals. All aspects of development are addressed including the physical and mental skills required for success.
- A complete indoor winter training and conditioning program with pitching machines, batting cages, pitching mounds and a complete range of strength and conditioning equipment.
- A complete summer season of 50 plus league and tournament games against the best competition in the Northwest.
