PROFESSIONAL INSTRUCTION

Cutting edge information taught at the major league level is presented by our staff of professional instructors.

HITTING - Learn the difference between personal style and the absolute fundamentals demonstrated by "all" successful major league hitters. See how important dynamic balance, sequential rotation, axis of rotation, and bat lag is to a professional hitter. Learn how to deliver the ball "on time."

PITCHING - 'Tall and Fall' or 'Drop and Drive'
Learn how proper balance and sequential rotation can increase pitch velocity while protecting against arm injuries. Find your natural 'arm slot' and which pitches work best with your personal style.

FIELDING - Anticipation, rhythm, and momentum are keys for major league infielders. The focus is on proper foot work, quickness, and positioning.

VISION TRAINING - The same program used by Edgar Martinez and Ichiro. Improves dynamic visual acuity, eye tracking, eye focusing & depth perception.

VIDEO ANALYSIS - See what the 'Good Hitters and Good Pitchers do' and how you compare !

EXPANDING OPPORTUNITIES THROUGH BASEBALL

The NW Timberjacks Baseball Club is a select baseball program designed to provide dedicated young players in the Puget Sound Region a vehicle to help them realize their goals and enhance their opportunities to compete at the highest level. It is the goal of the club to produce not only quality baseball players, but also good citizens by instilling the principals of sportsmanship, teamwork, honesty, work ethic and respect for authority. The club places a high priority on academics and emphasizes school performance as a critical ingredient in the success of the players' development.

The Timberjacks organization provides a year-round program for these young athletes who have demonstrated the skills and desire to advance to the next level. The Timberjacks program includes:

- Teams at three age divisions, 14U, 16U & 18U. Younger players focus on fundamentals and understanding game strategy. Older players prepare for the next level by fine-tuning their skills and competing against the top teams in the Northwest.
- A professional coaching staff that includes ex-professional and college players who are devoted to preparing and helping these young men to reach their goals. All aspects of development are addressed including the physical and mental skills required for success.
- Priority access to a complete indoor winter training and conditioning program with pitching machines, batting tunnels, pitching mounds and a complete range of strength and conditioning equipment.
- A complete summer season of league and tournament games against the best competition in the Northwest.
- The older players are offered college prep information and consulting.

The NW Timberjacks Media Guide is used as a promotional tool to enhance the exposure of our players and programs. All Northwest college baseball coaches and professional scouts are sent copies of the Media guide together with our season schedule. We urge all players, parents, and affiliates to honor and support the businesses advertised in our program.

Thank You For Your Support
